Thank you for showing interest in Little Hands Daycare Centre!

With the current situation, we are avoiding in person tours to protect the children, staff and families in our program, but we would love to give you a virtual tour so you can get a full view of our program, but in a safe way that protects everyone! We hope that the videos of the classrooms and playgrounds, as well as the breakdown of the classrooms and day to day operations answers your questions and gives you a great idea of what our program looks like.

School-Age Room - Centre 1

Here at Centre 1, our School-Age Room is licensed for 23 children at a 1 educator : 15 child ratio for children who are in grade 1 until they reach the age of 13 years. The Schoolage room operates in a fully air conditioned and heated portable. There are 2 educators who are consistently in this room on a daily basis. All of our School-age educators are in their rooms unless they are off for the day, on vacation or sick at which point one of our supply staff would then come in to cover. All of our educators have provided a police record check and have all been certified in first aid & cpr training.

Each child has their own cubby in the classroom which holds any items which the children or educators require easy access to throughout the day such as spare clothes. All outdoor attire can be kept on their hook.

The schoolage children have access to a washroom that is just steps away inside the front doors of the main building. The educators accompany all children into the main campus whenever use of the washroom is requested or at one of the many scheduled times.

The School-age room runs a Before & After school program during the school year, and also provide full day care for all PA Days and school breaks (March Break, Christmas Break, Summer Break).

General Information

Menu

We are catered by Yummy Catering which is a catering company specifically for children. They have won the Top Choice Award for best Kids Catering Company every year since 2009.

Yummy Catering provides nutritious meals for the children daily. They work on a 4 week rotating menu so the children do not have the same thing for lunch 2 times in one month. They provide whole wheat or whole grain foods such as bread, tortillas, buns, crackers, pasta, etc. All food is baked or steamed and is never fried. Their menu is nut free, but they also provide substitutions for all allergies, food restrictions and religious dietary restrictions such as dairy free, egg free, gluten free, vegan, vegetarian and Halal, as well as any other substitution required. You can see more information regarding Yummy Catering at <https://www.yummycatering.ca>

Little Hands provides all homogenized milk. Children who require formula or an alternative milk option are required to provide their own to ensure it stays the same as what they are used to.

Security

Both of our locations have locked entrances to enter into the child care sections of the buildings, both at the front entrance as well as the playground door(s). We use a key FOB access, so all families can access the building without needing to buzz in using their FOB. All FOB's require a \$20 deposit per FOB, which will be returned after the FOB has been returned to us at the end of your time with us. We ask that all FOB holders do not share their FOB's as this form of security allows us to see who is entering the building and when. Anyone who does not have a FOB can press the intercom system, which will allow us to verify their identity before entering through our doors.

We also have a camera system in place which is accessible for Little Hands Management in the office for security purposes. Unfortunately our system is not accessible to families remotely online.

Reservation of Space

In order to reserve a space, we require a \$70 registration fee to be paid (\$35 for all additional children), plus a 2 week pre-payment for the first 2 weeks. This is non refundable if care is no longer required approaching the start date.
